

# STRATEGIC PLAN 2022-2024

## **Background**

eviDent seeks to enhance the clinical outcomes of dental practice and improve patient care by providing the means for dental practice based research and a platform for dissemination of evidence based clinical knowledge.

eviDent is generously supported by the Australian Dental Association Victorian Branch Inc, who is committed to the pursuit of better community oral health.

This strategic plan seeks to build on achievements to date and define our goals and objectives, as well as outline our key actions over the next four years.

To achieve our vision, our plan is built on four strategic goals:

1. Continuous improvement
2. Communication
3. Sustainability
4. Excellence.

We look forward to implementing the following strategy, which will be overseen by the eviDent Foundation Board.

This Strategic Plan recognises the unique challenges facing the eviDent Foundation, the dental and research profession, as well as our supporters, as a result of the COVID-19 pandemic.

# STRATEGIC PLAN 2022-2024

<b>Vision</b>	<b>Better oral health for all Australians</b>			
<b>Mission</b>	Translating oral health research into better health for all Australians			
<b>Strategic Goals</b>	<b>Continuous Improvement:</b> Realise the potential of eviDent	<b>Communication:</b> Strengthen the eviDent team	<b>Sustainability:</b> Enhance community and stakeholder support	<b>Excellence:</b> Facilitate excellent research, education, development and training

	Provide oral health care innovation
	Improve oral health outcomes for the community
	Rapid translation of research findings into clinical practice

### Our logo

The eviDent logo reflects the unique opportunity with a dental practitioner's mouth mirror examining the mouths of so many patients each year. The collegiate and unified approach to data collection and analysis from multiple practices to combine and produce evidence based research findings presents a powerful tool to support and encourage reflective practice and improve oral health and dental practice for patients and the practitioners who treat them.
